RE: FOIA Request No. 18-02215-F

Dear Mr. Marvin:

This letter is a final response to your request for information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, dated June 21, 2018 and received in this office on June 22, 2018. Your request was forwarded to the appropriate office to search for documents that may be responsive to your request: Federal Student Aid (FSA).

You requested the following:

1. Records showing how many permanently disabled military veterans the VA identified to the Education Department, and, of those, how many have been identified by the Education Department as qualified for the TPD discharge,
2. Of the permanently disabled military veterans identified by the Education Department as qualified for the discharge, records showing the total, cumulative amount of their Federal student loan debt,
3. Of the permanently disabled military veterans identified by the Education Department as qualified for the discharge, records showing how many are in default on their Federal loans and what is the total amount of loans in default?, and
4. Records of any final determination of which date the Education Department will reach out to the permanently disabled military veterans identified by the Education Department as eligible for TPD discharge.

FSA has assigned this request to Business Operations. Business Operations has provided answers to the questions below. However, FSA recommends that the request be referred to the VA for any questions related to the file that VA generated mentioned in item 1.

- **Response Question 1a:** FSA is only permitted to use the information received from VA for the purposes identified in the agreement, which is to contact Borrowers of Title IV Loans that match with the VA per this Agreement who show that they owe a balance on a Title IV Loan, to inform those Borrowers of ED's TPD process and use the information obtained from VA as documentation that the Borrower qualifies for a TPD discharge. FSA is not allowed to keep any information for which it doesn't match a record for the purposes of the agreement.

- **Response Question 1b:** Of the records received from VA, FSA matched 42,763 estimated as eligible to receive a notification as of April 13, 2018.
- **Response Question 2:** The total amount of debt is \$1,021,068,072.00 as of April 13, 2018.
- **Response Question 3:** 25,023 borrowers for \$117,549,961.00 (Commercial and Government held default) as of April 13, 2018.
- **Response Question 4:** The letters were sent between the dates of April 27, 2018 through May 7, 2018 and indicated that the borrower may be eligible for discharge; the department does not discharge the loan until the borrower signs and returns the letter due to potential state tax implications. 8,594 of those borrowers have returned applications, and are waiting for a final approval from the Department as of May 2, 2018.
