Overview **3** Reviews Q&A [Write Review](#) [Ask Question](#) [Visit Website](#)

Paramount Capital Group is a nationally recognized specialty financial services company providing tuition and sales financing for CDL, trade and career schools, elective surgery providers, and merchants since 1997. Paramount offers four core services: the financing of individual loans, the underwriting and servicing of loans held by the client, the purchase of any existing client loan portfolio, and loan recovery. We offer loan programs supporting all levels of risk, designed to maximize your enrollments, sales, cash flow, and profits. We are highly adept at finding opportunity where traditional financing sources do not, and creating new avenues of profit where none had previously existed.

Our proprietary modeling provides insight on both individual loans as well as portfolio purchases, while our servicing group provides recovery of receivables that is unrivaled in the industry. Our experience in and focus on receivable financing has enabled us to refine our programs to effectively relieve your finance department of the burden of financing and recovery. We have created incredibly streamlined processes and simplified documentation requirements supporting the belief that your staff should concentrate on your business and not the financing business.

We offer our accredited school partners aggressive student receivable financing for the "Gap" portion of tuition over the Title IV, Pell Grant, and other state and government financial aid programs. For those struggling with 90/10, we will help make certain your school meets its 10% goal of non-government subsidized loans.
